

# NUTRITION SUPPORT SYMPOSIUM 2010

*Twenty-Fifth Annual Meeting*

*Friday, September 17, 2010*

*Holiday Inn Denver East - Stapleton*

The Colorado Society for Parenteral and Enteral Nutrition is pleased to present our twenty-fifth annual fall symposium! We look forward to hosting national and local experts who will discuss the latest research and practices in the field of nutrition support.

## Learning Objectives

- Describe the benefits of nutrition therapy in improving outcomes in the surgical patient.
- List arterial blood gas parameters and identify simple and mixed acid-base disorders.
- Discuss the incidence of malnutrition in the acute care setting and how parenteral nutrition may be safely administered to improve outcomes.
- Determine needs, appropriate monitoring, and nutrition goals in the pediatric patient on parenteral nutrition.
- Identify appropriate medical nutrition therapy across the continuum of heart failure to transplant.
